SkyTab®

If this routine is starting to sound outdated and unnecessary, you're right.

SkyTab offers numerous time- and cost-saving benefits:

- Turn tables faster with more guests served per night
- Increase average guest spend amount, since reorders are sent right from the table
- Guests don't have to wait for the check twice, resulting in a better customer experience
- Prevent negative online reviews: manager receives an immediate text for low ratings, allowing them to resolve any issue before guests leave
- Email receipts, capturing guest email addresses for customized marketing messages
- Suggested tip amounts result in higher average tips for servers and better employee retention
