

## SMS|HOST® AND IDEaS G3 INTERFACE

### Interface Functionality

Springer-Miller Systems' SMS|Host's integration with IDEaS G3 Revenue Management System (RMS) utilizes our web servicing technology, SMS|Diplomat to provide a seamless two-way interface.

IDEaS is one of the industry leaders delivering hotel revenue management software. IDEaS strives to deliver the most reliable and up-to-date data to the hotelier in order to maximize occupancy and drive revenue.

### Interface Benefits

SMS|Host's two-way interface to IDEaS G3 RMS provides revenue and market data that allows your organization to:

- Identify and execute sales strategies
- Effectively distribute your hotel's availability
- Maximize occupancy and increase ADR
- Accurately forecast business demands

### Communicated Information
