SMS|HOST® AND ARIANE KIOSK INTERFACE

Interface Functionality

Springer-Miller Systems' guest self-service Kiosk interface with Ariane Systems utilizes our web servicing technology, SMS|Diplomat to provide seamless integration.

Ariane System's Kiosks provide hotel guests with a user friendly and intuitive self-service solution. The interface between SMS| Host and Ariane Kiosk will deliver a seamless check-in and check-out process for your guests.

Interface Benefits

The SMS|Host to Ariane Systems' Kiosk interface solution provides:

- A streamlined guest service delivery through expediting their check-in and check-out processes

- A secure, integrated payment processing solution

- An automated, guest-driven check-in and check-out process thereby reducing the amount of traffic at the hotel's front desk and potentially lowering the hotel's operating costs.

Communicated Information

Your SMS|Host system and Ariane System's Kiosk interface supports but is not limited to:

INTERFACE FUNCTIONALITY
Guest Check-in/out updates
Folio Inquiry
Reservation Value Inquiry
